ESD & Clean Room Products

Name:ESD Component Box

Remark:EP1801

Product Decriptions:

Model: EP-1801

Product: Folded-Type ESD Component Box

Material is conductive plastic, Surface resistant: 10^4 - $10^6\Omega$. High strength, bears the friction, ideal in the LCD production line.

Specifications:

- Outer size: 104*104*49mm
- Inner size: 88*87*40mm
- Surface resistant: 10^4 - $10^6\Omega$
- Type: Stackable
- High strength
- Bears the friction
- Ideal in the LCD production line

P.N.	Description	Outer Size(mm)	Inner Size(mm)
EP-1801	Folded ESD Component Box	104*104*49	88*87*40
EP-1802	Folded ESD Component Box	140*122*68	125*109*65
