

UltraMOP III

- ✓ NON-SHEDDING
- ✓ DRIP RESISTANT
- ✓ ROBUST CLEANING

UltraMOP III is constructed of snag-resistant fabrics laminated to a super, fine pore urethane foam to enhance application of disinfectant to clean room surfaces. The Bump-PROOF® Wrap-Around design ensures that the leading and trailing edges do not generate particles resulting from abrasion damage. The fabric layer wraps over both the leading and trailing edges improving cleanliness and durability. Mop heads are available with SingleSTEP™ fabric and Sahara® Foam to provide unsurpassed cleaning efficiency. SingleSTEP™ Sahara® mop heads enable cleaning of dried disinfectant residues. The exclusive Bump-PROOF® Wrap-Around design is ideal for cleaning and disinfecting ISO Class 1 clean rooms. Compatible with gamma, autoclave and ETO sterilization methods. Mop refills fit GEERPRES® wall washing handles.

Available in 7", 12" & 14" Lengths

Bump-PROOF® Wrap-Around Design

Mop Head with SingleSTEP™ Fabric & Sahara® Foam Lamination

Available with Sahara® Foam Lamination

ADVANTAGES

Improved Cleaning and Disinfection.

Constructed of a proprietary, super, fine pore polyurethane foam that is ideal to lay down a precise volume of disinfectant cleaner.

Improved Cleanliness.

Laminated fabric covers the leading and trailing edge preventing abrasion related particle contamination.

Product Traceability.

Available with Lot Certification of Conformance to ease audit and validation procedures.

Simple to Use.

Bump-PROOF® Wrap-Around design eliminates the need for protective polyester sock.

Robust Cleaning.

SingleSTEP™ Fabric with Sahara® Foam enables contaminants to be dislodged, entrapped and removed from surfaces.
